

# PRODUCT INSTALLATION GUIDE - INTERNATIONAL MODULAR DEVICES

## Wall Box Mounting Frames & Plates

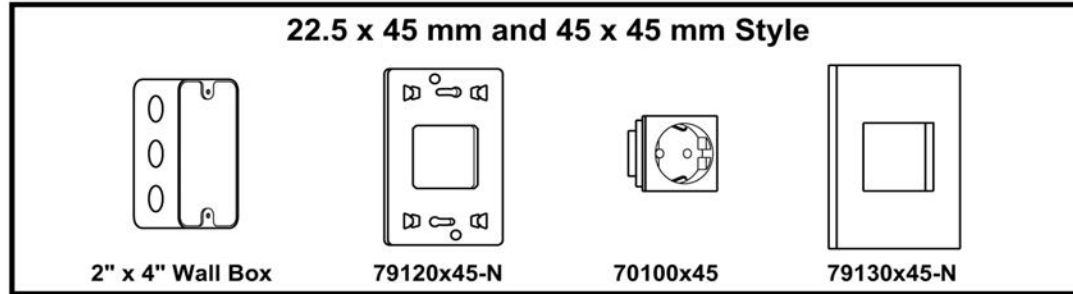

Frames & Plates Accept 22.5mm, 45mm & 67.5mm Devices

E-mail: [sales@internationalconfig.com](mailto:sales@internationalconfig.com)

Web site: [www.internationalconfig.com](http://www.internationalconfig.com)

The receptacles, switches and pilot lights identified in this catalog as “Modular” are also designed to be mounted to standard American size wall boxes by using the support frames and wall plates indicated in the table below. This system for mounting “European” devices to American style boxes eliminates the need for special boxes and reduces cost and installation time.

### TYPICAL EXAMPLE

### Screw Mounting to American Size Boxes

Modular Device Size	American Size Boxes	Support Frames	Wall Plates White	Wall Plates Stainless Steel
(1) 22.5 x 45 mm	 2" x 4"	 79170x45-N	 79140x45-N	 79145x45-N
(2) 22.5 x 45 mm or (1) 45 x 45 mm	 2" x 4"	 79120x45-N	 79130x45-N	 79135x45-N
(3) 22.5 x 45 mm or (1) 22.5 x 45 mm and (1) 45 x 45 mm or (1) 67.5 x 45 mm	 2" x 4"	 79170x45-N	 79180x45-N	 79185x45-N
(4) 22.5 x 45 mm or (2) 22.5 x 45 mm and (1) 45 x 45 mm or (2) 45 x 45 mm	 4" x 4"	 79210x45-N	 79220x45-N	 79225x45-N
(6) 22.5 x 45 mm or (2) 22.5 x 45 mm and (2) 45 x 45 mm or (2) 67.5 x 45 mm	 4" x 4"	 79275x45-N	 79285x45-N	 79295x45-N

**NOTE: Outlets, frames and wall plates can be mounted on Wiremold® 3000 Series raceway using Wiremold® No. G3007C bracket.**
